Years of
Excellence
in Fresh
Produce
Processing**

TCK Fresh Produce Ltd is a family-owned business with a proud heritage dating back to 1981. For more than four decades, we have been dedicated to supplying high-quality prepared fruits, vegetables, and bespoke food processing solutions to customers across the United Kingdom.

Combining traditional values with modern technology, we deliver fresh produce solutions that food professionals can depend on every single day. From our modern, purpose-built facility, we ensure the highest standards of food safety, consistent quality, and precise product specifications tailored to your exact operational requirements.

Core Market Sectors & B2B Solutions

TAILORED SOLUTIONS FOR FOOD PROFESSIONALS ACROSS THREE KEY INDUSTRY VERTICALS

1. Food Service & Catering

A comprehensive range of fresh fruits and vegetables in versatile cuts and diverse packaging sizes. Our solutions dramatically increase back-of-house efficiency, reduce preparation labour, and meet strict quality benchmarks for restaurants, contract caterers, and airline catering companies.

2. Food Industry & Manufacturing

Tailor-made, bulk processed ingredients prepared perfectly to match your specific high-volume production lines. Our advanced processing equipment delivers highly accurate, consistent product specifications that food manufacturers and central production kitchens can seamlessly integrate into their daily workflows.

3. Wholesale & Retail Distributors

Reliable, large-scale supply of prepared convenience items, fresh-cut fruit and vegetables. Supported by real-time logistics monitoring and automated inventory systems, we guarantee unparalleled freshness, enhanced traceability, and optimal shelf-life for retail-ready produce.

The Prepared Range

Time is the most expensive ingredient. We handle the precision prep so your commercial kitchen can focus directly on the plate.
